Hon. Commissioner for Patents
PO Box 1450
Alexandria, VA 22313-1450

Sir:

Robert Pollack, being duly sworn, deposes and says:

- 1) I am a joint inventor of the invention claimed in claims 1-21 of the above identified Application for Letters Patent. A copy of my Declaration of Inventorship And Power Of Attorney accompanies this Affidavit and is incorporated herein by reference.
- 2) Prior to January 19, 2001, I conceived most of the subject matter disclosed, described and enabled in the above identified Application for Letters Patent. My joint inventor conceived the remainder of the subject matter disclosed, described and enabled in the above identified Application for Letters Patent.
- 3) Prior to January 19, 2001, I disclosed my original conception to my joint inventor, Andrew Long. We diligently reduced our invention to practice and subsequently, we authorized our patent attorney to file the above referenced Application for Letters Patent disclosing,

describing, enabling and claiming our invention. A copy of Andrew Long's Declaration of Inventorship accompanies this Affidavit and is incorporated herein by reference.

4) I am the President of The Rondo Group.

5) As shown in the records of the Assignment Division of the United States Patent Office, The Rondo Group is the assignee of the entire interest in the above referenced Application for Letters Patent.

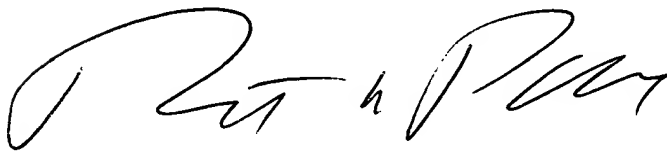

6) Prior to January 19, 2001, the invention disclosed, described, enabled and claimed in the above referenced Application for Letters Patent was reduced to practice in the United States of America.

7) In 2001, The Rondo Group's instruction manual © 2001 that disclosed functional embodiments of The Rondo Group's invention was forwarded to The Rondo Group's patent attorney to utilize in preparing the above identified Application for Letters Patent. Copies of five pages of 2001 instruction manual accompany this Affidavit and are incorporated herein by reference. As shown in the 2001 instruction manual, The Rondo Group's Web-Based start page was uploaded at least as early as January 16, 2001. Further, as also shown in the 2001 instruction manual, a Web-Based template was functional at least as early as January 17, 2001.

8) On invoices, dated December 2000, Solutech, Inc. (now Quilogy, Inc.) billed The Rondo Group for the services of joint inventor Andrew Long and The Rondo Group subsequently paid for the services of Andrew Long. Copies of the November 2000 Solutech, Inc. invoices and The Rondo Group's cancelled check in payment for those invoices are included herewith and incorporated herein by reference.

9) Prior to January 19, 2001, the invention disclosed, described, enabled and claimed in the above referenced Application for Letters Patent was functional.

Further, the Affiant does not depose and say.

Rondo Group Web-Based Survey Application

Last modified: 6/11/01

Application Start Page

This is the page a user would see by accessing <http://www.therondogroup.com/rondo>. This page provides the user with access to the three main sections of the site: Administration, Client Administration, and Taking a Survey. There is also a link on this page to download the "Rondo Survey.pqa" application for taking a survey with a Palm VII pda. Access to the Administration and Client Administration sections of the website require a valid username and password. Access to take a survey requires the knowledge of a valid Survey Code.

Administration

1. Enter New Client Record

Complete this form to create a new client record. Fields marked with an * are required. The client username and password will be used by the client to access the client administration portion of the website. If a company logo is uploaded, it will be displayed on the survey setup screen on the web-based version of the survey only. The form fields and descriptions are described in the table below.

Form Field	Field Description (required)
Client Name	This is the company or individual name of the client record being entered. (Required)
Division Name	If the client record is specifically for a division of

INSTRUCTION MANUAL

allows the survey author to specify a certain follow-up question to be displayed if a user gives a certain response to a question.

Admin > Survey Library > Custom > IHOP Customer Satisfaction - Customer Satisfaction > Host/Hostess > Create Question Rule

Question: Were you seated in the timeframe the Host/Hostess told you you would be?

Response ☐ Yes ☐ No

To Invoke ☐ Yes ☐ No

Rule: If you were not greeted in a friendly manner, what was wrong with the way you were greeted?

Go To Question:

(407) 963-6940 | E-mail

To create a question rule, the survey author clicks on the "Create Rule" link in the Question Rules column of the questions table. A form is presented to the user displaying the selected question, the choices that would be presented to the user, and a drop-down box containing the questions entered to not always be displayed to the user – these are also referred to as "Go-To" questions. To create the rule, select the user response you want to invoke the rule, and the "Go-To" question you want the user to be taken to. Question rules can be edited and deleted after their creation.

Custom Surveys

If the user selects a custom survey, they are presented with an identical interface as described above for viewing and editing the structure and contents of the survey.

If the user selects to create a new custom survey, they are taken to the same data-entry form as described above in **Section 2/View Client/Creating New Job/Survey**.

4. View Stock Survey Data

This section allows the administrator to download a .csv file containing submitted survey data for a stock survey. The data contained in this download file will contain all data from all clients that are using the survey. The user selects the desired stock survey from the drop-down list, and is then presented with a screen similar to the one described above in **Section 2/View Current Survey/Job/Download Survey Data** in which the user can either download the Excel file, or drill-down and view the details of individual survey responses.

5. Create New Admin Login

Allows the user to create additional logins with administrator privileges. The user simply provides a unique username, and then types in the password twice to create the new account.

6. Change Your Password

This section allows the current user to change his/her password. The page displays the username of the current user, and asks for them to type in their current password, and their new password twice. If the user doesn't supply their current password, or the new password doesn't match, the password is not changed.

INSTRUCTION MANUAL

7. Enter Industry Record

This section allows the user to enter a new Industry into the database. These industry records are displayed in a drop-down list when entering a new client record. The user simply provides a value for the new industry, and presses the "Enter Industry" button. The current industry records are listed below the entry form.

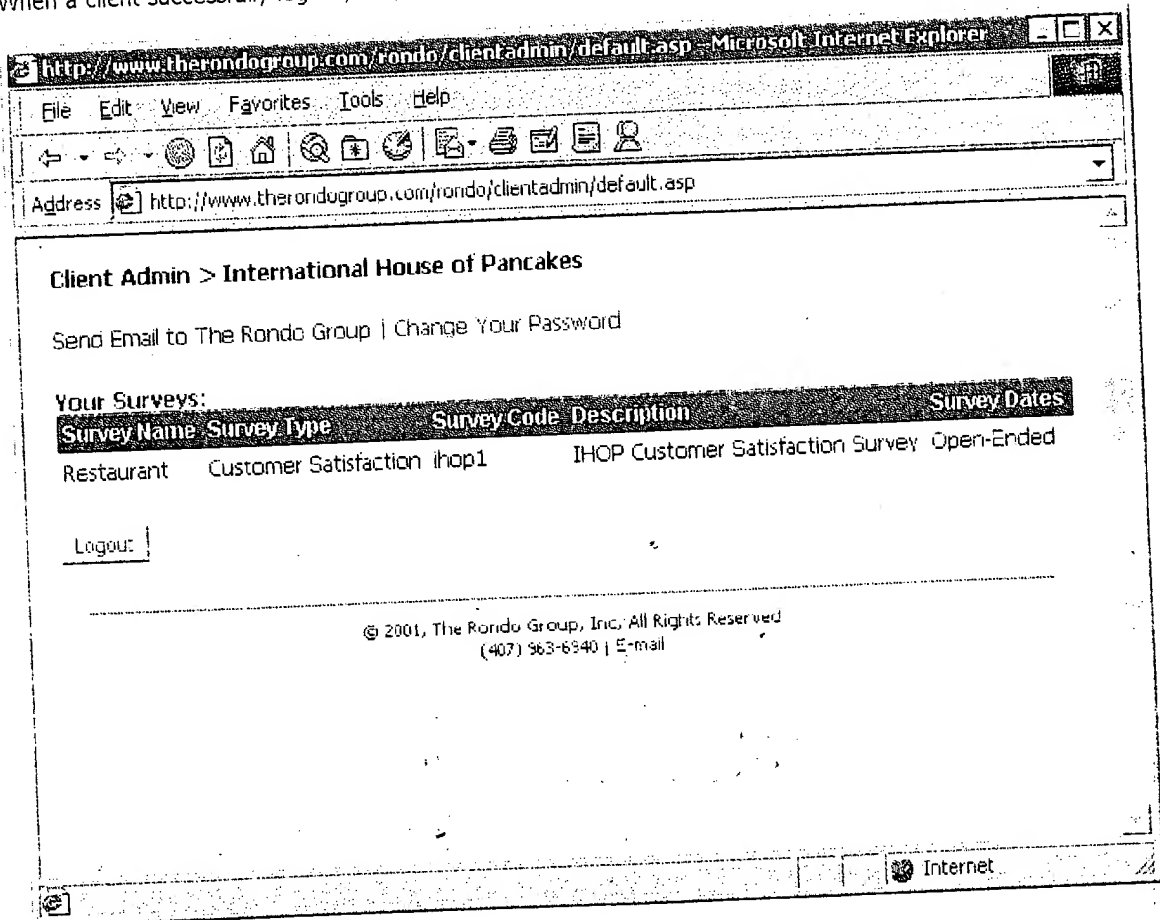

8. Enter Job Title Record

This section allows the user to enter a new Job Title into the database. These job title records are displayed in a drop-down list when entering a new client or contact record. The user simply provides a value for the new job title, and presses the "Enter Job Title" button. The current job title records are listed below the entry form.

Client Administration

When a client successfully logs in, they are presented with a screen similar to the following:

1. Send Email to Rondo Group

This is simple an e-mail link allowing the client to send a message to The Rondo Group.

2. Change Your Password

This is a link to a form, which allows the client to change their login password. The client is not allowed to change their assigned username.

3. Your Surveys

Provides a listing of all jobs/surveys for this client. Clicking on a job/survey name takes the client to a page with the following options:

1. Edit Entered Data (only available for data-acquisition applications)
